ABSTRACT

This statistical document from the University of Alaska Anchorage provides charts and graphs regarding students and student activities at the six-campus institution, including Prince William Sound Community College, for summer 2000. Included is information on student headcount and student characteristics as well as credit hours at each campus. Overall, the university system enrollment headcount and credit hours were down from summer 1999 by 9%. Only the Kenai campus recorded an increase in student enrollment over the previous year. The large majority of credit hours were in lower division courses, with developmental education recording the smallest number of credit hours. At the Anchorage campus, the largest number of developmental courses were offered by the community and technical college, with the college of arts and sciences offering the largest number of both lower and upper division courses. Of students enrolling in summer courses, 95% of them attended part-time and the majority of them were female. Most students attempted 3 or less credit hours (65%), with an additional 22.0% attempting 4 to 6 credit hours. In terms of class standing, seniors were the most likely to attend summer school (17%), followed by juniors, sophomores, and freshmen. (LD)

NOTE:

1. *Total UAA* includes Anchorage, Kenai, Kodiak, Mat-Su, Military Programs, UALC (RD), and PWSCC.
2. Military Programs does not include Elmendorf AFB or Ft. Richardson.
3. Headcount includes students enrolled in credit courses at the 050 level and above, with auditors.
4. Percentages may not add to 100 due to rounding.
5. For this table, and all tables which include class standing, the following definition was used for *first-time freshman* : Student admitted with an admit code of "FT" (first-time admitted), and having a student type of "F" (first-time enrolling), or a student type of "C" (continuing enrollment)--for those continuing to Fall from Summer. The current semester is the first time the student has ever attended an institution of higher education. Except, the student could have been first-time in Summer semester and continued into Fall, and still be a first-time freshman. The current definition does not include students who could be first-time freshmen if they are current high school graduates, even though they may have taken courses for credit previously. A process for identifying these students has begun and future reports should include this sub-group as well.
6. For this table, and all tables which include *Alaska Region of Origin* , the following definition was used: Alaska Region of Origin determined by using the origin at entry (OE) address given by students at the time of enrollment. For students who did not provide an OE address, the mailing address was used to determine origin at entry.

## Other Programs:

(These are students from other units who take courses at the Anchorage Campus. Historically, they were Special Undergrads or non-degree seekers, since they are not enrolled in Anchorage degree programs. With the Banner system, they can now be identified with the program/site on which they are declared students.)
